

## ABOUT US

Venergy Group, LLC was established in 2009 as a **Service-Disabled Veteran-Owned Small Business (SDVOSB)**. Venergy has aligned its business model to assist the Federal Government in reaching its construction, mandated energy, and environmental goals through the use of cutting-edge technology, unique business strategies and innovative energy optimization, energy efficiency and renewable energy services. Venergy is an expert in its field with an emphasis on providing a management plan to reach the mandates of the guidelines for VA Directive Goals. We are available for emergency services 24/7 and are very familiar with the needs of the VA at medical facilities nationwide. We provide expert knowledge for troubleshooting, acquisition planning, and support with Government estimates.
